Additional information: Flemington is different demographically to Maribymong. It has different infrastructure needs - greater cycling infrastructure, open spaces, language and youth services. Flemington's housing density is more than twice that of Maribymong which requires a different approach to services and infrastructure. Historic, geographic and demographic connections to Kensington should not be ignored.

- Flemington is very different demographically to Maribyrnong.
- Flemington has different infrastructure needs to Maribyrnong - including greater demonstrated need for cycling infrastructure, open space, language and youth services.
- The housing density of Flemington is more than twice that of most of Moonee Valley/Maribyrnong and this requires a different approach to services and infrastructure.
- Flemington has historic, geographic and demographic connections to Kensington. The Flem/Ken connection has been ignored at local and state boundary changes.
