

## Objection 32

Anonymous 8

## To whom it may concern,

I am writing to object to the new electorate boundaries for Oak Park and Glenroy. Both Oak Park and Glenroy have been divided, where one half of Oak Park is in the Wills electorate and the other half has been changed to the Maribyrnong electorate. Maribyrnong is so far away from Oak Park that that it bears no resemblance to Oak Park at all. They have very different population compositions and in no way relate to each other. Oak Park as a whole should be in the same electorate. Not one suburb represented by potentially two different parties and two different MP's.

## Regards
