The current Bruce electorate has a number of issues:

- Local governments have relationships with Federal MPS and the fact that Bruce is currently encompassing three LGAs impacts that. So I suggest that Mulgrave Primary School be moved out of Bruce and that Bruce be wholly within the boundaries of the City of Casey and the City of Greater Dandenong. Mulgrave Primary School would be best demographically in an electorate with other Mulgrave booths anyway.
- It makes no sense that Dandenong South Primary School continues to be in Isaacs. The South Dandenong area is a highly multicultural area whose residents are more closely connected to the Dandenong activity centre than other parts of Dandenong. It makes sense that it is Bruce.
