VIC Redistribution

Enrollment quota 116,894(+/- 10%) between 105,205 and 128,583. Projected enrolment quota is 127,238(+/-3.5%). All new divisions must have a projected enrolment in the narrower band between 122,785 and 131,691

Macnamara – Current enrollment 112881 – Projected enrollment 124756

After redistribution – Enrollment 117858 – Projected enrollment 129800

Macnamara gains 7023 electors and 7704 projected electors from SA2 206061516, gains 6921 electors and 7593 projected electors from SA2 206061515 and gains 14011 electors and 15368 projected electors from SA2 206061136 from Higgins. This increases Manamara to 140836 electors and 155421 projected electors and reduces Higgins to 81380 electors and 88995 projected electors.

Higgins – Current Enrollment 109335 – Projected enrollment 119660

After redistribution – Enrollment 116229 – Projected enrollment 127567

Higgins gains 3953 electors and 4335 projected electors from SA2 208021178, 3952 electors and 4336 projected electors from SA2 208021179 and gains 15073 electors and 16950 projected electors from SA2 208021177 from Macnamara and gains 8897 electors and 9711 projected electors from SA2 208021178 from Goldstein and gains 2974 electors and 3240 projected electors from SA2 207011050 from Kooyong. This increases Higgins to 116229 electors and 127567 projected electors, reduces Goldstein to 102186 electors and 111655 projected electors, reduces Kooyong to 110612 electors and 121215 projected electors and reduces Macnamara to 117858 electors and 129800 projected electors.

Goldstein – Current Enrollment 111083 – Projected enrollment 121366

After redistribution – Enrollment 110554 – Projected enrollment 122837

Goldstein gains 9812 electors and 10741 projected electors from SA2 208021427 and gains 10962 electors and 11975 projected electors from SA2 208021426 from Hotham. This increases Goldstein to 121180 electors and 134371 projected electors and reduces Hotham to 96930 electors and 107254 projected electors.

Isaacs – Current Enrollment 111083 – Projected enrollment 121366

After redistribution – Enrollment 117232 – Projected enrollment 127939

Issacs gains 10626 electors and 11534 projected electors from SA2 208011168 from Goldstein and gains 8322 electors and 9063 projected electors from SA2 212041309 from Hotham. This increases Issacs to 130031 electors and 141963 projected electors, reduces Goldstein to 110554 electors and 122837 projected electors and reduces Hotham to 88608 electors and 98191 projected electors.

Chisholm – Current Enrollment 110672 – Projected enrollment 121345

After redistribution – Enrollment 114177 – Projected enrollment 125202

Chisholm gains 13651 electors and 14974 projected electors from SA2 216011408 from Hotham. This increases Chisholm to 124323 electors and 136319 projected electors and reduces Hotham to 74957 electors and 83217 projected electors.

Dunkley – Current Enrollment 112715 – Projected enrollment 122613

After redistribution – Enrollment 117757 – Projected enrollment 128135

Dunkley gains 5042 electors and 5522 projected electors from SA2 212021564 from Issacs. This increases Dunkley to 117757 electors and 128135 projected electors and reduces Issacs to 124989 electors and 136441 projected electors.

Hotham – Current Enrollment 117704 – Projected enrollment 128957

After redistribution – Enrollment 114720 – Projected enrollment 126841

Hotham gains 7757 electors and 8502 projected electors from SA2 212041313 from Issacs and gains 3245 electors and 3559 projected electors from SA2 212051325, gains 10929 electors and 11982 projected electors from SA2 212041563, gains 3329 electors and 3652 projected electors from SA2 212041316 and gains 14523 electors and 15929 projected electors from SA2 212041312 from Bruce. This increases Hotham to 114720 electors and 126841 projected electors and reduces Bruce to 82281 electors and 91037 projected electors.

Holt – Current Enrollment 113159 – Projected enrollment 122766

After redistribution – Enrollment 113855 – Projected enrollment 130524

Holt gains 6158 electors and 6753 projected electors from SA2 212031555 and gains 9748 electors and 10570 projected electors from SA2 212031556 from La Trobe. This increases Holt to 129065 electors and 140089 projected electors and reduces La Trobe to 95843 electors and 105594 projected electors.

Bruce – Current Enrollment 114307 – Projected enrollment 124753

After redistribution – Enrollment 116323 – Projected enrollment 125920

Bruce gains 7734 electors and 8463 projected electors from SA2 212031562 and gains 7476 electors and 8196 projected electors from SA2 212031561 from Holt and gains 476 electors and 523 projected electors from SA2 212021299, gains 11732 electors and 12752 projected electors from SA2 212021553 and gains 6680 electors and 7320 projected electors from SA2 212021293. This increases Bruce to 116379 electors and 128291 projected electors, reduces La Trobe to 76955 electors and 84999 projected electors. and reduces Holt to 113855 electors and 123430 projected electors.

La Trobe – Current Enrollment 113306 – Projected enrollment 122917

After redistribution – Enrollment 116323 – Projected enrollment 125920

La Trobe gains 10590 electors and 11607 projected electors from SA2 205031091 and gains 21846 electors and 23949 projected electors from SA2 205031093 from Monash and gains 7316 electors and 7699 projected electors from SA2 211051274 from Casey. This increases La Trobe to 116707 electors and 128254 projected electors, reduces Monash to 80962 electors and 88240 projected electors and reduces Casey to 108320 electors and 116342 projected electors.

Monash – Current Enrollment 113398 – Projected enrollment 123796

After redistribution – Enrollment 116323 – Projected enrollment 125920

Monash gains 1 elector and 0 projected electors from SA2 205011078, gains 42 electors and 45 projected electors from SA2 205031090, gains 8956 electors and 9722 projected electors from SA2 205041094, gains 106 electors and 115 projected electors from SA2 205041095, gains 10445 electors and 11336 projected electors from SA2 205041096 and gains 3623 electors and 3888 projected electors from SA2 205041098 from Gippsland and gains 151 electors and 166 projected electors from SA2 204011061 and gains 12338 electors and 13331 projected electors from SA2 211051286 from Casey. This increases Monash to 116624 electors and 126846 projected electors, reduces Casey to 95831 electors and 102845 projected electors and reduces Gippsland to 93493 electors and 101670 projected electors.

Gippsland – Current Enrollment 116666 – Projected enrollment 126776

After redistribution – Enrollment 116323 – Projected enrollment 125920

Gippsland gains 7813 elector and 8551 projected electors from SA2 204011057, gains 5571 electors and 6106 projected electors from SA2 204011054, gains 3218 electors and 3501 projected electors from SA2 204011062 and gains 3166 electors and 3464 projected electors from SA2 209031211 from Indi. This increases Gippsland to 113261 electors and 123292 projected electors and reduces Indi to 99108 electors and 106822 projected electors.

Bendigo – Current Enrollment 113381 – Projected enrollment 122771

After redistribution – Enrollment 116323 – Projected enrollment 125920. Renamed Hoddle.

Bendigo gains 2942 electors and 3149 projected electors from SA2 216011408 from Nicholls. This increases Bendigo to 116323 electors and 125920 projected electors and reduces Nicholls to 111749 electors and 121084 projected electors.

Indi – Current Enrollment 118876 – Projected enrollment 128444

After redistribution – Enrollment 117496 – Projected enrollment 126657

Indi gains 2191 electors and 2297 projected electors from SA2 216021412, gains 7046 electors and 7675 projected electors from SA2 216021414 and gains 9151 electors and 9863 projected electors from SA2 216021413 from Nicholls. This increases Indi to 117496 electors and 126657 projected electors and reduces Nicholls to 93361 electors and 101249 projected electors.

Nicholls – Current Enrollment 114691 – Projected enrollment 124233

After redistribution – Enrollment 119192 – Projected enrollment 129136

Nicholls gains 7443 electors and 8052 projected electors from SA2 204011056 and gains 16079 electors and 17393 projected electors from SA2 209041224 from McEwen. This increases Nicholls to 116883 electors and 125380 projected electors and reduces McEwen to 90560 projected electors 96740.

Corio – Current Enrollment 113985 – Projected enrollment 123102

After redistribution – Enrollment 118774 – Projected enrollment 128268

Corio gains 4789 electors and 5166 projected electors from SA2 203011035 from Ballarat. This increases Corio to 118774 electors and 128268 projected electors and reduces Ballarat to 108086 electors and 116707 projected electors.

Ballarat – Current Enrollment 112875 – Projected enrollment 121873

After redistribution – Enrollment 116323 – Projected enrollment 125356. Renamed Yollie.

Ballarat gains 4862 electors and 5233 projected electors from SA2 201021009 from Hawke and gains 3151 electors and 3416 projected electors from SA2 201031014 from Wannon. This increases Ballarat to 116323 electors and 125356 projected electors, reduces Hawke to 106636 electors and 114082 projected electors and reduces Wannon to 113334 electors and 122217 projected electors.

Mallee – Current Enrollment 121563 – Projected enrollment 131342

After redistribution – Enrollment 121563 – Projected enrollment 131342

Wannon – Current Enrollment 116485 – Projected enrollment 125633

After redistribution – Enrollment 114562 – Projected enrollment 123534

Wannon gains 1228 electors and 1317 projected electors from SA2 203011035 from Corangamite. This increases Wannon to 114562 electors and 123534 projected electors and reduces Corangamite to 115303 electors and 126446 projected electors.

Corangamite– Current Enrollment 116531 – Projected enrollment 127763

After redistribution – Enrollment 115303 – Projected enrollment 126446. Renamed Connewarre.

Lalor – Current Enrollment 116506 – Projected enrollment 127852

After redistribution – Enrollment 116506 – Projected enrollment 127852

Gellibrand – Current Enrollment 112851 – Projected enrollment 123999

After redistribution – Enrollment 118154 – Projected enrollment 129769

Gellibrand gains 5303 electors and 5770 projected electors from SA2 213031352 from Fraser. This increases Gellibrand to 118154 electors and 129769 projected electors and reduces Fraser to 107786 electors and 118088 projected electors.

Fraser – Current Enrollment 113089– Projected enrollment 123858

After redistribution – Enrollment 115082 – Projected enrollment 126061

Fraser gains 7296 electors and 7973 projected electors from SA2 213011332 from Gorton. This increases Fraser to 115082 electors and 126061 projected electors and reduces Gorton to 105793 electors and 121143 projected electors.

Maribryngong – Current Enrollment 110438 – Projected enrollment 120461

After redistribution – Enrollment 117698 – Projected enrollment 128300

Maribynong gains 7260 electors and 7839 projected electors from SA2 210051245 from Calwell. This increases Maribynong to 117698 electors and 128300 projected electors and reduces Calwell to 108067 electors and 117530 projected electors.

Gorton – Current Enrollment 118708– Projected enrollment 129116

After redistribution – Enrollment 112131 – Projected enrollment 128025

Gorton gains 14 electors and 15 projected electors from SA2 210041539, gains 2063 electors and 2198 projected electors from SA2 213041573 and gains 4261 electors and 4669 projected electors from SA2 213041572 from Hawke. This increases Gorton to 112131 electors and 128025 projected electors and reduces Hawke to 100298 electors and 107200 projected electors.

Hawke – Current Enrollment 111225 – Projected enrollment 119315

After redistribution – Enrollment 117219 – Projected enrollment 125764

Hawke gains 2626 electors and 2854 projected electors from SA2 210021233, gains 10379 electors and 11138 projected electors from SA2 210021232, gains 5962 electors and 6373 projected electors from SA2 202021031 and gains 8016 electors and 8730 projected electors from SA2 210021235 from McEwen. This increases Hawke to 127281 electors and 136295 projected electors and reduces McEwen to 63577 electors and 67645 projected electors.

Calwell – Current Enrollment 115327 – Projected enrollment 125369

After redistribution – Enrollment 118129 – Projected enrollment 128061

Calwell gains 10062 electors and 10531 projected electors from SA2 210041240 from Hawke. This increases Calwell to 118129 electors and 128061 projected electors and reduces Hawke to 117219 electors and 125764 projected electors.

Scullin – Current Enrollment 111244– Projected enrollment 121016

After redistribution – Enrollment 118290 – Projected enrollment 128435

Scullin gains 7046 electors and 7419 projected electors from SA2 209041531 from McEwen. This increases Macarthur to 118290 electors and 128435 projected electors and reduces McEwen to 56531 electors and 60226 projected electors.

Casey – Current Enrollment 115636 – Projected enrollment 124041

After redistribution – Enrollment 118929 – Projected enrollment 128069

Casey gains 3502 electors and 3841 projected electors from SA2 211031452 and gains 11182 electors and 12259 projected electors from SA2 211031450 and gains 8414 electors and 9124 projected electors from SA2 211031263 from Deakin. This increases Casey to 118929 electors and 128069 projected electors and reduces Deakin to 90516 electors and 98742 projected electors.

Aston – Current Enrollment 110768 – Projected enrollment 120615

After redistribution – Enrollment 119182 – Projected enrollment 129739

Aston gains 7862 electors and 8624 projected electors from SA2 211041273 from Deakin. This increases Aston to 118630 electors and 129239 projected electors and reduces Deakin to 82654 electors and 90118 projected electors.

Deakin – Current Enrollment 113714 – Projected enrollment 123966

After redistribution – Enrollment 119691 – Projected enrollment 130735

Deakin gains 4038 electors and 4416 projected electors from SA2 207031161 and gains 6108 electors and 6701 projected electors from SA2 207031162 from Chisholm and gains 4666 electors and 5119 projected electors from SA2 211041271, gains 4775 electors and 5239 projected electors from SA2 211041270, gains 8529 electors and 9357 projected electors from SA2 207031161, gains 1792 electors and 1966 projected electors from SA2 207031163 and gains 7129 electors and 7819 projected electors from SA2 207031164 from Menzies. This increases Deakin to 119691 electors and 130735 projected electors, reduces Menzies to 86103 electors and 96575 projected electors and reduces Chisholm to 114177 electors and 125202 projected electors.

McEwen – Current Enrollment 114082 – Projected enrollment 122185

After redistribution – Enrollment 116648 – Projected enrollment 125046.

McEwen gains 2922 electors and 3084 projected electors from SA2 209031214, gains 0 electors and 0 projected electors from SA2 209031215, gains 3869 electors and 4083 projected electors from SA2 209031213 and gains 17089 electors and 18324 projected electors from SA2 209031209, gains 15155 electors and 16367 projected electors from SA2 209011197, gains 6705 electors and 7300 projected electors from SA2 209011204 and gains 12168 electors and 13324 projected electors from SA2 2090112202 from Jagajaga and gains 2209 electors and 2338 projected electors from SA2 209031214 from Menzies.

This increases McEwen to 116648 electors and 125046 projected electors, reduces Menzies to 83894 electors and 94237 projected electors and reduces Jagajaga to 56458 electors and 61591 projected electors.

Menzies – Current Enrollment 112994 – Projected enrollment 123466

After redistribution – Enrollment 113855 – Projected enrollment 127010

Menzies gains 12973 electors and 14205 projected electors from SA2 209011203, gains 10961 electors and 12006 projected electors from SA2 209011198 and gains 6027 electors and 6562 projected electors from SA2 209011201 from Jagajaga . This increases Menzies to 113855 electors and 127010 projected electors and reduces Jagajaga to 26497 electors and 28818 projected electors.

Cooper – Current Enrollment 110943 – Projected enrollment 121431

After redistribution – Enrollment 119653 – Projected enrollment 128319

Cooper gains 6691 electors and 7339 projected electors from SA2 209011197 and gains 10517 electors and 11512 projected electors from SA2 209011199 from Jagajaga. This increases Cooper to 128151 electors and 140282 projected electors and reduces Jagajaga to 9289 electors 9967 projected electors.

Wills – Current Enrollment 110228 – Projected enrollment 120751

After redistribution – Enrollment 116700 – Projected enrollment 129114

Wills gains 3369 electors and 3696 projected electors from SA2 206041106 from Melbourne and gains 2665 electors and 2879 projected electors from SA2 210031236 and gains 438 electors and 480 projected electors from SA2 206011497 from Cooper. This increases Wills to 116700 electors and 127806 projected electors, reduces Melbourne to 111770 electors and 122474 projected electors and reduces Cooper to 125048 electors and 136923 projected electors.

Melbourne – Current Enrollment 115139– Projected enrollment 126170

After redistribution – Enrollment 119653 – Projected enrollment 131078. Renamed Batman

Melbourne gains 7883 electors and 8604 projected electors from SA2 206021500 from Cooper. This increases Melbourne to 119653 electors and 131078 projected electors and reduces Cooper to 117165 electors and 128319 projected electors.

Kooyong – Current Enrollment 113586 – Projected enrollment 124455

After redistribution – Enrollment 119871 – Projected enrollment 131272. Renamed Humphries.

Kooyong gains 9259 electors and 10057 projected electors from SA2 209011200 from Jagajaga. This increases Goldstein to 119871 electors and 131272 projected electors and reduces Jagajaga to 0 electors and 0 projected electors thereby abolishing Jagajaga.

Jajajaga – Current Enrollment 114366– Projected enrollment 124073

After redistribution – Enrollment 0 – Projected enrollment 0. Abolished.

name changes

Ballarat -> Yollie. renamed Yollie after the scottish family who settled the and named the area. and because the AEC states that place names should generally be avoided.

Bendigo -> Hoddle. renamed Hoddle after the Surveyor General of Victoria. and because the AEC states that place name should generally be avoided

Corangamite -> Connewarre. renamed Connewarre after the lake that resides in the division and because the AEC states that place names should generally be avoided and the lake from which it derives its name is no longer in the division it also maintains an Aboriginal connection to the naming of the division which has been a reason to hesitate changing it.

Kooyong -> Humphries. renamed after australian icon Barry Humphries. and because the AEC states that place names should generally be avoided and the suburb of Kooyong from which it derives its name is no longer in the division

Melbourne -> Batman revives the name of Batman after the cities founder and because the AEC states that place names should generally be avoided and the shares its name with the Victorian State District of the same name which is against AEC guidelines.

McEwen takes over much of the former territory of Jagajaga but becomes the new McEwen to preserve the name of a PM.
